

INTEROCEPTIVE BODY MAP

HEAD

Fear: rapid heartbeat, tight chest

Shame: face flush, stomach drop

Calm: slow breath, warm belly

Anger: jaw clench, shoulder tension

Grief: throat constriction, chest heavy

Joy: chest expansion, light limbs

Freeze: whole-body stillness, cold

Disgust: gut recoil, throat closing

CHEST

lungs

BELLY

gut

PELVIS

limbs

Each emotion has a characteristic distribution across the body: a spatial pattern of activation. The Soma-Field Model treats this pattern as an emotional field state.
